# THE STORY BEHIND PAUL & ALICE SCHMIDT

Our story begins four generations ago, rooted in the enduring traditions of the United States Marine Corps. It was here, amidst the storied history and valor of the Marines, that Paul and Alice's extraordinary journey unfolded.

They became the first married couple ever to be discharged together from the Marine Corps, a testament to their unique bond and unwavering dedication to duty and each other. Their commitment to service didn't end with their honorable discharge. Both were called back to duty, serving with distinction in the 9th Infantry Battalion, USMCR of Chicago. This was yet another chapter in their remarkable story of service and sacrifice for their nation.

Paul and Alice's story is one steeped in patriotism and shared sacrifice. Among one of their four daughters, Diana stands as a living embodiment of the enduring legacy of Paul and Alice. Diana is not only a part of the Pro-Shot family but also a vital member of our Executive Management Team and ownership, carrying forward the values and dedication that have defined her family for generations.

## **Pro-Shot Leadership Team and Legacy**

At Pro-Shot, we take immense pride in our leadership team and our deep-rooted commitment to the values that define us. Our company's foundation is a testament to the unyielding dedication of those who have served their country and upheld the principles that make America great.

## **A Heritage of Patriotism and Tradition**

Pro-Shot's founder, John E. Damarin, embodied the spirit of patriotism and staunchly defended the Second Amendment. He was a proud American and a dedicated union worker, laying the cornerstone for our family's enduring success in both our personal lives and business endeavors. Today, two generations later, we carry forward our commitment to the core values that have shaped us - Family, Country, Honor, Tradition, and a deep sense of Made in America Pride.

## **Continuing a Tradition of Excellence**

Pro-Shot remains dedicated to our mission of manufacturing the highest quality weapon cleaning systems. We honor the legacy of our family's service and the dedication of those who have come before us by crafting innovative and superior weapon cleaning systems and components.

Our commitment extends not just within our borders, but to those brave individuals worldwide who tirelessly defend freedom. At Pro-Shot, our pledge is unwavering - to provide you with the tools and support you need to safeguard the principles that define our great nation.

**Pro-Shot®**  
**Where Commitment to**  
**Quality and Freedom**  
**Converge.**

# THE PRO-SHOT ADVANTAGE

AMERICAN MADE | BERRY COMPLIANT | FAMILY OWNED & OPERATED  
AMERICA'S PREMIER & CUSTOM CLEANING SYSTEMS OUTFITTER

ANY SIZE ORDER - NO Minimum's - EASY CUSTOMIZATION - Global Military Experience  
ONE STOP SUPPLY & KIT SPECIALISTS

- Made in America, Since 1982
- Customizable for any size order
- Flexibility & Capacity to make your cleaning system exactly per your requirement
- Master Proven & American Snipers - Field and Battle Tested Cleaning Systems
- Tactical Case Features- Double Zippers on all cases- Large Pouch features Velcro pack assist opening

MOST TECHNOLOGICALLY**

**ADVANCED WEAPON CLEANING ROD SYSTEMS IN  
THE WORLD!**

# Rod & Handle Cleaning Tool

**Rods Feature:** Expanded barrel protection, direct thread technology making rods universal for assembly and components, secure rod connection makes rod sturdy for field use clearing bore obstructions or jammed/stuck cartridges & most importantly reducing soldiers' weapon cleaning time, making it faster & easier!

## DIRECT THREAD TECHNOLOGY (DTT)

## SECURE ROD CONNECTION (SRC)

## INNOVATIVE CLEANING ROD & HANDLE FEATURES

- Direct Thread Technology (DTT) Allows universal assembly and use with all #8-32 components with bore brushes, patch holders, & mops.
- Secure Rod Connection (SRC) Precision threading and collar make it so the assembled rod doesn't flex, wobble, or break like the old GI t-handle style rods.
- Superior Swivel Rod System Handle has smooth swivel action, making cleaning rifle barrel lands and grooves faster and easier. Cleans with fewer passes down the barrel.
- Double Coated Cleaning Rods with Pro-Shot Pro-Tuff coating for Maximum Bore Protection. Superior rod material is used in manufacturing cleaning rods so there are never any rusty cleaning rods in extreme / saltwater conditions or storage.

The Multi-Purpose Handle for Dual Systems is an innovative swivel T-Handle that allows the operator to clean with a rod or pull-through system. Threaded end for chamber rod, pick, scraper, or various other #8-32 threaded components.

- Superior Swivel
- Ease of use with operator gloves
- Threaded end for chamber rod or component option

**Item# MPH**

**Item# MPH-DS**

Quick attach/detach pull-through cable system, ease of use with Operator gloves, threaded end for chamber rod or component option.

**Item# PTH**

# WEAPONS CLEANING COMPONENTS

**ITEM#  
SCR-IBLK**

The Small Brass Scraper is excellent for cleaning carbon deposits and other fouling from the bold face, rails, or any other flat surfaces.

**ITEM#  
MA-BRUSH**

The Mini Accessory Brush is excellent for lubricating slides and for removing loose fouling and debris during the cleaning process.

**ITEM#  
BLK-NATO-ADPT**

The short length Nato Adaptor is made to attach onto pull through system cleaning rods (#8-32 thread), and the female end adapts Nato brushes or accessories with #8-36 threads.

**ITEM#  
SLLP**

The Straight Locking Lug Pick is designed for MSR/AR-style rifles. The straight design allows you to get into hard to reach/clean areas.

**ITEM#  
PH556  
PH762**

Pull Through System Patch Holders for 5.56mm & 7.62mm / .30 Cal.

Item#  
TH-BOR-50**

T Handle Base & Bore Obstruction Remover  
Sizes: 5.56mm, Pistol, & .50 Cal.

**ITEM#  
PP**

The Precision Pick is designed to remove heavy carbon build-up from the bolt carrier group parts of your AR15/M16/M4 Platform Rifles. Especially great for cleaning hard to reach places on AR-Platform locking lugs.

**ITEM#  
ALLP**

The Angled Locking Lug Pick is designed for M4/AR15/MSR/AR Style locking lugs. The angle allows you to clean the back side of the locking lugs.

**ITEM#  
WPP**

The Weapon Pin Punch works excellent for removing pins out of any firearm that uses a pin system.

**ITEM#  
FRH  
MRH**

FEMALE & MALE ROD  
Use the female and male rods as a handle for those hard to reach places for precision cleaning. Accept any Pro-Shot #8-32 component

**ITEM#  
S-8-32  
S-10-32**

#8/32 and #10/32 THREAD CONNECTORS  
The thread connectors allow two cable rods to be assembled together for added length for longer barrels or rifles with a Suppressor.

**ITEM#  
S-AP**

SHORT AP BRUSH  
Short All Purpose brush can be Assembled on our MPH Multi-Purpose Swivel T Handle, Pull Through Cable Handle, or any rod with #8-32 thread.

# I-OP SERIES KITS INDIVIDUAL TACTICAL & SOLDIER OPERATOR KITS

AVAILABLE IN MULTIPLE CONFIGURATIONS, 1 KIT, 3 CLEANING SOLUTIONS CLEANING ROD, PULL THROUGH CABLE, PULL THROUGH CABLE WITH PRO-SHOT QPTS®

Specifically designed for Tactical Operators and Soldiers, the I-OP weapon maintenance kit is a Dual system kit with Pull Through and Cleaning Rod systems. Featuring the innovative QPTS Quick Pull Through System that assembles directly onto the pull through cable. For rapid field cleaning, assemble the Pro-Shot QPTS® onto the end of the pull through cable for rapid barrel cleaning in the field or range. Removes the need for extra ropes, works in conjunction to save space and weight in the I-OP kit.

Featuring the Pro-Shot® QPTS® Quick Pull Through System with Heavy Duty Nylon Bristles and Superior Pro-Tuff® cleaning rods. The Pro-Shot I-OP kit uses a lightweight tactical pouch with component holder loops, mesh pockets, and modular attachment system. Includes everything needed for a Fast & Easy field cleaning or full breakdown cleaning.

Adjusts A1, A2, and Trijicon Tritium front sights

# QUICK PULL THROUGH SYSTEM

Rifle Rod Set/ Pistol Rod

## AMERICAN MADE INNOVATIVE SIMPLE SUPERIOR QUICK PULL THROUGH SYSTEM

Pro-Shot's Quick Pull Through System (QPTS Series) is made to work with any pull through cable system with #8-32 threads, and is truly made for field and range use.

Just assemble onto pull through cable end with #8-32 thread, apply CLP to the two sets of nylon bristles, and watch how quick your barrel is clean! With Pro-Shot's QPTS heavy duty double duty sets of nylon bristles, it cleans twice as fast as rope pull through cleaners. The oversized cotton mop wipes up the excess fouling and debris in one pass. The QPTS is compact, lightweight, and made to fit in Pro-Shot or comparative Modular weapons cleaning kits.

## RDSET-556 5.56 MILITARY STYLE CLEANING ROD

4 pc. Cleaning Rod Set 26.5" / 67.31cm Working Length, #8-32 threads
